

VENUS LEGACY

“Venus Legacy is a non-surgical treatment designed to hone your silhouette. We noticed a difference after eight sessions.” - **HELLO!**

“Venus Legacy radio frequency works to smooth and tighten the skin. It is excellent for tightening the jawline and lifting cheeks.” - **Brides Cosmetic Beauty Guide**

“After only one treatment, my smile lines had all but disappeared, my cellulite was pretty much invisible and I was even happy with the appearance of my tummy while bending forwards.” - **Sunday Times STYLE**

“Treatments on Trial. Contour and stimulate collagen with Venus Legacy. 20 minutes of warm pummelling during which you close your eyes and pretend your having a hot stone massage. Straight after the Venus, skin feels peachy.”

- **Tatler Cosmetic Surgery Guide**
